

e-transfer

This document will introduce you to giving to the ministry of our church by using Interac e-transfer.

Briefly:

- The costs to the church are the same as any other money deposit to the church bank account. This option is the least cost of any of the electronic giving options.
- Your cost will be whatever your bank charges you for an Interac e-transfer.
- You use the same process as for any other e-transfer.
- If you are a regular donor to MRMC, it will be helpful for us in recording for receipt purposes, if you would put your giving number in the message portion of your e-transfer donation.
- You may also use the message area to designate your donation to any of the causes indicated in our budget, or a known cause that might come up during the year.
- For details about the e-transfer email address and the security question, please call the church office (306)382-2677, between the hours of 8:30 and 1:30 Tuesday through Friday to speak with our Administrative Assistant.
